NETWORK ADMINISTRATOR
IT Department

We are seeking a motivated and technically skilled Network Administrator to design, implement, and manage our network infrastructure across distributed environments. With a keen focus on security, scalability, and reliability, the individual will play a crucial role in keeping the systems connected, efficient, and future ready. If you are proactive, results-driven, and eager to make a meaningful impact, we would be thrilled to have you on our team.

Responsibilities:

- Design, implement, and manage network infrastructure with a focus on security, performance, and scalability
- Configure and maintain network devices from leading firewall vendors and manage SD-WAN deployments to ensure optimal network performance across distributed environments
- Deploy and manage SD-WAN solutions effectively
- Ensure network efficiency and reliability
- Design and implement network architectures that meet business requirements while ensuring high availability
- Maintain and update documentation related to the network as needed.

Candidate Prerequisites:

- Bachelor's degree in Information Technology, Computer Science, or a related field from a recognized institution
- Possession of certifications in networking (such as CCNA/CCNP, Fortinet NSE, Checkpoint CCSA/CCSE, Huawei HCIA/HCIP) is advantageous
- A minimum of 05 years of experience in network administration, including at least 02 years of hands-on experience with SD-WAN technology, covering both deployment and management
- A proven track record in network security management, troubleshooting, and performance optimization
- Strong problem-solving skills focused on enhancing network performance, security, and scalability
- Ability to collaborate with teams and work independently on network projects
- Expertise in configuring and managing firewalls and security devices, as well as proficiency in networking hardware (routers, switches, firewalls)
- Should be a good team player with excellent problem-solving abilities

Remuneration:

The successful candidates will be provided with an attractive remuneration package including fringe benefits, commensurate with industry standards.

If you are a results-driven Banking professional looking for a challenging and rewarding opportunity, we invite you to apply for the position through our career portal before the deadline provided.
