

WE ARE HIRING

Connect • Collaborate • Contribute

Head of Security

Key Responsibilities:

- Lead the security strategy and operations for the facility.
- Develop and implement effective security protocols, policies, and systems.
- Manage physical security, access control, surveillance, and incident response mechanisms.
- Coordinate closely with law enforcement, port authorities, and internal stakeholders.
- Oversee security audits, risk assessments, and compliance with regulatory requirements.
- Train, mentor, and lead a team of security personnel.

Qualifications & Requirements:

- Ex-Sri Lanka Navy officer with demonstrated leadership experience.
- Minimum 5–10 years of experience in corporate or industrial security management.
- Exposure to maritime or critical infrastructure security is a strong advantage.
- A Master's degree in Management, Defence, Strategic Management, or a related field is preferred.
- Strong understanding of security technologies, risk management, and compliance.
- Excellent interpersonal, leadership, and stakeholder management skills.

Colombo West International Terminal (CWIT) is the promise of futurity, delivered today!

A consortium comprising 49% of local shareholding with Sri Lanka's leading enterprise John Keells Holdings PLC 34%, Sri Lanka Ports Authority 15% and India's largest port operator, Adani Ports and SEZ Limited 51%.

By executing its automation and inclusion strategy, CWIT is redefining the Maritime Eco System. As the first terminal to introduce hybrid Ship-to-Shore and fully automated Yard Operations in Port of Colombo, CWIT will significantly improve employee work life and will provide equal opportunity to all. CWIT will create enhanced job roles to impact communities and economies.

Through a series of groundbreaking technological innovations, CWIT will augment the proposition of the Port of Colombo and elevate its position in the Global Arena.

Colombo West International Terminal (Private) Limited is an equal opportunity employer.
